

Dear visitor,

We welcome you most warmly to Todmorden and its neighbouring parishes, hoping you will have a very happy stay here.

What we can offer you is that which we have received from God Himself: The beauty of his creation, which is the glory of this region - the hills, the valleys, the towns and villages.

Wherever you go on any of your walks you will be able to discover something more of this wonderful countryside and your admiration will guide you towards its maker.

Like so many people nowadays, you will surely feel the need for quiet, relaxation and contemplation. The present way of life is so restless and stressed. Why not then take the opportunity during your holiday of pausing

a while and putting yourself in the presence of God? The numerous churches and chapels in this area offer you an admirable setting for this personal encounter with the Lord.

The various Christian churches in and around our three valleys will be happy in welcoming you to join them in one of their services.

THE BASIN STONE

STOODLEY PIKE PEACE MONUMENT
Todmorden's most prominent landmark. It was originally built in 1814 to commemorate the end of the Napoleonic wars. It was rebuilt forty years later after being struck by lightning. Standing high on a hill it can be seen for miles around wherever you are.
